

Dashboard Configurations

1 DASHBOARD FRAMEWORK

A dashboard framework contains the layout elements for your dashboard. A framework can be applied to one, multiple or all dashboards.

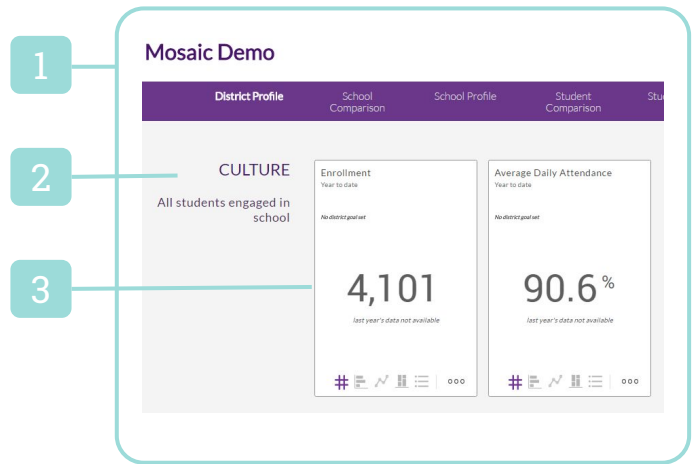

2 STRATEGIC PANEL

A strategic panel is a high-level area that your district aims to impact. On a profile dashboard, a panel is a group of one or more rows. On a list dashboard, a panel is a group of one or more columns. Each panel has title and a description. It has one or more metric containers associated with it.

3 METRIC CONTAINER

A metric container displays information about one metric, including metric results and metadata about that metric (such as title, definition, goal, colors).
