Receptive Nonsense Words

INSTRUCTIONS:

1. Set the timer for 1 minute.
2. Say **"I'm going to read some words to you, and I want you to show me which one I read. We're going to try an example with pictures first. Look at these three pictures. Which one is HORSE?"**
On the student form, point to the pictures of clock, horse, and car.
3. If the student doesn't point to the horse, say **"No, this one is the horse! Let's try again. Which one is HORSE?"**
4. If the student cannot point to the horse on the first or second try, stop the assessment and thank the student. Choose Cancel Assessment when you return to Star CBM Reading to enter the score.
5. When the student points to the horse, say **"That's right! You pointed to the one I said! Now we're going to try it with words. I'll say a word, and I want you to point to the one I say. I want you to do your best work. Are you ready?"**
6. Start the timer and say **"Begin."**
7. Point to each box on the student's form and say **"Point to the word that says [word on the teacher form]."**
8. On the teacher form, strike through each incorrect response.
9. If the student completes the assessment in less than 1 minute, stop the timer and record the elapsed time. After 1 minute, say **"Stop! You worked hard!"** or give some other praise for effort.
10. Circle the last problem attempted. Record the student's name, assessment date, assessment duration (typically 60 seconds), and observations. Return to Star CBM Reading to enter the score.

REMINDERS:

Self-correction

- If immediate, count as correct.

Hesitation

- After 3 seconds, say **"Give it your best try!"**
- If no response after 2 more seconds, say **"Try the next one!"** and mark this item incorrect.

Record

- Student's name, assessment date, assessment duration (typically 60 seconds), each incorrect response, last word attempted, and observations.

Receptive Nonsense Words

INSTRUCTIONS:

1. Set the timer for 1 minute.
2. Say **"I'm going to read some words to you, and I want you to show me which one I read. We're going to try an example with pictures first. Look at these three pictures. Which one is HORSE?"**
On the student form, point to the pictures of clock, horse, and car.
3. If the student doesn't point to the horse, say **"No, this one is the horse! Let's try again. Which one is HORSE?"**
4. If the student cannot point to the horse on the first or second try, stop the assessment and thank the student. Choose Cancel Assessment when you return to Star CBM Reading to enter the score.
5. When the student points to the horse, say **"That's right! You pointed to the one I said! Now we're going to try it with words. I'll say a word, and I want you to point to the one I say. I want you to do your best work. Are you ready?"**
6. Start the timer and say **"Begin."**
7. Point to each box on the student's form and say **"Point to the word that says [word on the teacher form]."**
8. On the teacher form, strike through each incorrect response.
9. If the student completes the assessment in less than 1 minute, stop the timer and record the elapsed time. After 1 minute, say **"Stop! You worked hard!"** or give some other praise for effort.
10. Circle the last problem attempted. Record the student's name, assessment date, assessment duration (typically 60 seconds), and observations. Return to Star CBM Reading to enter the score.

REMINDERS:

Self-correction

- If immediate, count as correct.

Hesitation

- After 3 seconds, say **"Give it your best try!"**
- If no response after 2 more seconds, say **"Try the next one!"** and mark this item incorrect.

Record

- Student's name, assessment date, assessment duration (typically 60 seconds), each incorrect response, last word attempted, and observations.
