Percentile Rank (PR) to Correct Per Minute (CPM) Conversion Tables

Note: If your district uses different benchmark categories from the default categories used in Star CBM (see the previous pages), use the following tables to find the Correct Per Minute scores that correspond to the Percentile Ranks that you use for your categories. If one of those Percentile Ranks does not have a matching Correct Per Minute score (you see “—” instead of a score in the table), find the next highest Percentile Rank with an available Correct Per Minute score, and use that Correct Per Minute score as the benchmark.

Math Percentile Rank (PR) to Correct Per Minute (CPM) Conversion Tables

Note: If your district uses different benchmark categories from the default categories used in Star CBM (see the previous pages), use the following tables to find the Correct Per Minute scores that correspond to the Percentile Ranks that you use for your categories. If one of those Percentile Ranks does not have a matching Correct Per Minute score (you see “—” instead of a score in the table), find the next highest Percentile Rank with an available Correct Per Minute score, and use that Correct Per Minute score as the benchmark.
